AN COIMISIÚN LE RINCÍ GAELACHA

5 Márta 1984

6 Sráid Fhearchair
Baile Átha Cliath 2.

To: all registered teachers and
adjudicators of An Coimisiún
and to organisers of competitions
registered with An Coimisiún.

A Chara,

On 30 November last we wrote to you concerning a joint scheme being introduced by An Coimisiún and An Comhdháil under which some competitions of either side would be open to dancers of the other organisation and adjudicators could in certain circumstances judge competitions of the other organisation. In case you may have failed to receive that circular or may have mislaid it I am sending you another copy with this letter.

In the case of adjudicators and teachers there has been a relatively good response from both organisations and more than sufficient to enable us to proceed with the scheme. We have however been asked by quite a number of people who wished to participate but for one reason or another did not return their forms by the stipulated date whether they could still opt to join the scheme. It has now been agreed by the representatives of the two organisations not to operate a closing date. If therefore any teacher or adjudicator wishes to participate they need only complete the form at the end of the enclosed circular and send it with £1. to the box number mentioned.

There has also been a good response from competition organisers indicating that they would like their events to be considered for participation in the scheme but in this case Coimisiún events are very much in the minority. We would therefore like to hear from more competition organisers that might like to have their feiseanna, feiltí etc. in the scheme.

We have already agreed to eight events in various locations which will pioneer the scheme. We would like to emphasise however that inclusion in the scheme does not mean organisers can run "open" events - these "joint" competitions are for pupils of certain Coimisiún and Comhdháil teachers and are not open to allcomers.

We will shortly issue lists of teachers and adjudicators from both organisations who have indicated their willingness to participate in the scheme.

Mise, le meas,

MÁIRE de BÚRCA
